

LA Times Op-Ed

In the October 25th LA Times, CSPO Director Daniel Sarewitz comments on the link between science and democracy and how it will be affected if Proposition 71, the California Stem Cell Research and Cures Act, is passed. See "Stepping Out of Line in Stem Cell Research" at <http://www.latimes.com/news/opinion/commentary/la-oe-sarewitz25oct25,1,4216526.story?coll=la-news-comment-opinions>.

CSPO Perspectives

The new perspectives installment, "The End of Research" by Roger A. Pielke, Jr., is now available on the CSPO website at <http://www.cspo.org/home/perspectives/>. Roger is the Director of the Center for Science and Technology Policy Research at the University of Colorado. He is also the primary contributor to the Science Policy Weblog, Prometheus. Prometheus, which provides daily news and commentary on science and technology policy issues, can be found at <http://sciencepolicy.colorado.edu/prometheus/>.

Please visit our library for previous perspectives at www.cspo.org/ourlibrary/perspectives/.

Faculty Position at CSPO

CSPO is looking to fill a new, tenure-track position in the field of science, technology and society. Qualified candidates will have a Doctorate, or its equivalent, in a related area and will have demonstrated research and teaching interests at the intersection of public policy, scientific and technological advance, and societal impacts. For more information about the position and how to submit an application, please visit <http://www.cspo.org/home/newatcspo/faculty.htm>.
